

Dear Parents,

Greetings from SLATE Educational Group of Schools, Mustafabad!

The much-awaited summer vacation is knocking at the door!

**The school will remain closed for summer vacation from Monday, 18 May 2026.**

The very thought of summer vacation brings images of relaxation, escaping the **scorching heat (as per Government guidelines)**, pursuing leisure activities, and spending quality time with friends and family. There are plenty of productive ways in which your ward can spend the vacation that can be fun, relaxing, and helpful for his/her education and career.

We wish to imbibe in our students the willingness to spend their summer vacation wisely by making optimum use of time, following their passions, and at the same time enhancing their academic knowledge.

**Some suggestions in this regard:**

Let your ward EXPLORE and participate in the wonders of nature. A walk through a wildlife destination does no harm; rather, let your child explore the wilderness and discover the flora and fauna of the places visited during the vacation. Let him/her be filled with wonder at ALLAH's bounties bestowed upon us.

Let your ward DISCOVER different cultures, traditions, cuisines, local crafts, etc. of the places you visit during the vacation. Encourage your ward to note down fine details, as these memories will become cherished moments in the years to come.

Expand Knowledge: Take advantage of this downtime to open the mind to new knowledge and experiences. Encourage your ward to pursue new hobbies, play games, learn an instrument, try writing poetry or blogs, develop culinary skills, and read newspapers and magazines to stay updated with current happenings.

"Reading maketh a full man." Encourage your ward to read a variety of books during the summer vacation.

Encourage your ward to spend quality time with the extended family and understand the importance of relationships in life.

Help your ward prepare a timetable for the daily routine. Teach him/her to prioritize tasks and devote some time to studies as well.

The school has also devised creative Holiday Homework linked to the curriculum, which is available on Moodle. Please feel free to contact the school if you are unable to access the homework on Moodle.

Kindly monitor the progress of your ward in completing the tasks given in various subjects. The school will reopen on Monday, 6 July 2026 at 7:00 AM.

We wish your ward a rejuvenating and enjoyable vacation and seek your cooperation in all our endeavors, as always.

Students may contact their respective Academic Coordinators during the summer vacation:
